OVERVIEW

See yourself in the cloud

It's all about you — innovative builders who are changing the world through tech. At AWS, we believe that technology should be built in a way that's inclusive, diverse, and equitable. And we have a responsibility to make that happen. All Builders Welcome bridges the gap between the current status quo and the future of tech by elevating marginalized voices, magnifying innovative contributions, and building an environment where we see underrepresented groups in tech reflected in the cloud.

LEARN

Powerful content, impactful stories

Hear from our global community of builders who are using the power of tech to reinvent their businesses, better serve their customers, and improve our world. Look out for sessions with the Diversity & Inclusion tag to learn from AWS Partners, experts, and customers about inclusion and accessibility in technology.

Explore the All Builders Welcome Lounge

Join us in the All Builders Welcome Lounge in the Expo to connect with a diverse group of technologists. Here you can dive deeper into the importance of diversity and inclusion in the cloud and discover new themes during our daily lounge takeovers.

On #GivingTuesday, explore ways to give back to underserved communities alongside the AWS Global Social Impact and Nonprofits teams. On Wednesday, dissect what it means to practice allyship at AWS, and on Thursday, dive into the world of startups to learn how graduates of the [AWS Impact Accelerator](#), a program dedicated to building a more equitable future, are using AWS to transform their businesses and disrupt the status quo.

ALL BUILDERS WELCOME GRANT

Build the future of tech, join us at re:Invent

AWS is dedicated to building the next generation of technical leaders. One way we support a future of tech that is diverse, inclusive, and accessible is through the All Builders Welcome Grant. Geared toward underrepresented technologists in the first five years of their career, the All Builders Welcome Grant removes the financial barrier to attending re:Invent and provides immersive opportunities to learn, network, and build.

The All Builders Welcome Grant includes registration for re:Invent 2022; airfare to Las Vegas, Nevada; and hotel accommodations for the duration of the conference. Participants will have access to four days of re:Invent content and activities as well as a welcome orientation, reserved seating in the keynotes, meetups, closing remarks with AWS leadership, and much more!

Applications for the All Builders Welcome Grant are now closed, notifications will be made by September 20, 2022. See the [Terms and Conditions](#) for full eligibility requirements.
